

Defining architectural spaces with precision optics. Architectural LED Washer range inspires architects, designers and system integrators with its exceptional quality, a variety of beam angles and remarkable creativity.

## High Performance and Innovative

High performance and compact linear wall washing and wall grazing luminaires with impressive versatility. Graze intelligent white luminaires offer channels of cool, neutral, and warm white LEDs that enable color temperatures from 2200 K to 6500 K .

Innovative light sources and precise optical systems combine to form a high impact and low maintenance lighting system. Striking dynamic lighting scenarios can be controlled via the DMX-RDM protocol.
Integrated Solution and Easy to Install
Plug and play built-in system with the fully integrated universal power supply unit.
The watertight plug connector ensures easy, fast and secure installation. The robust luminaire fits seamlessly into the architecture.

## Technical Features

Corrosion resistant extruded anodized aluminium housing (EN
AW-6060) with stainless steel screws (A4 grade) and silicone rubber
gaskets. End to-end connection via power connectors. Includes
adjustable mounting brackets. Power unit is built in.
LED MacAdam Step 3
Nominal Voltage 220V-240V AC, $50 / 60 \mathrm{~Hz}$
Operating Temperature $-40^{\circ} \mathrm{C} /+55^{\circ} \mathrm{C}$
Control Systems DMX / RDM, DALI Interface
Protection Class IP67
Impact Resistance IK10

Insulation Class I
Complies with EN60598-1 and relevant standards.
