

Ceiling

iAsta stands as the perfect lighting solution for various settings. It adds a touch of style and pleasant illumination, enhancing environments with a modern and elegant design.

Architectural ceiling lighting range inspires architects, designers and system integrators with its exceptional quality, homogenous beam angles and remarkable creativity.

High Performance and Uniform

iAsta is a compact and high performance luminaire with impressive versatility. Suitable for easy installation on ceilings.

Continuous LED aluminium profiles installed continuously to create uniform lines of light and provide high visual comfort.

Integrated Solution and Easy to Install

Plug and play built-in system with the fully integrated universal power supply unit.

The watertight plug connector ensures easy, fast and secure installation. The robust luminaire fits seamlessly into the architecture.
